Gentlemen:

When you were at the Foundry to conduct the preliminary Superfund inspection you asked me to send you copies of our latest E. P. Toxicity Analysis and copies of the well log for one of our two process water wells.

These documents are enclosed. Note that we do not maintain a well log as such but rather copies of our Preventive Maintenance schedules. I hope these will suffice.

If I can be of any further assistance feel free to call on me.

Sincerely,

  
CARL H. KOOS, JR.
